PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO. presents to subscribers and the general public, this, the latest edition of the Virginia Beach City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Virginia Beach's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Virginia Beach to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Virginia Beach City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Virginia Beach, the necessity of having this kind of information up - to - date and always immediately available is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident, and the name, official personnel, nature, and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, as a resort, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Virginia Beach.

The City Directory Library

Through the courtesy of the publishers of the Virginia Beach City Directory, a City Directory Library is maintained in the offices of the Hampton Roads Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each Polk Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

VIRGINIA BEACH

(Courtesy of Virginia Beach Council, Hampton Roads Chamber of Commerce)

Virginia Beach is a land of progress and promise. The present city was formed after the merger in 1963 of historic Princess Anne County and the small resort City of Virginia Beach. Located on Tidewater Virginia's coastal plain, the city has a total land area of 258.7 square miles, 51.3 square miles of inland waterways and 38 miles of shoreline. It is located in one of the most favorable climatic regions of the world, receiving 62% of possible sunshine annually. The average air temperature is 59.3 degrees; the average water temperature 55 degrees.

Virginia Beach is one of the fastest growing cities in the state. On January 1, 1986, 343,200 people lived in Virginia Beach. By the year 2000 the population is expected to reach 450,000.

According to studies prepared by the University of Virginia, the City Planning Department and State Offices, the Virginia Beach population is better educated and wealthier than its neighboring Tidewater cities. All Beach residents 25 years and older have completed approximately 12.4 years of schools; almost 84% are high school graduates. Virginia Beach is also one of the youngest cities; 53% of the population is between the ages of 20 and 39.

The fact that the citizens are so well educated is a credit to the excellent Virginia Beach school system. The 1986—87 budget amounted to $178,671,982. Pupil enrollment stood at 62,000. The city has 45 elementary schools, 9 junior high schools and 7 senior high schools. Additionally, there are 7 accredited and parochial schools. Curriculum at the Vocational Technical High School offers students programs designed to train them to work for almost any industry. Also, the Center for Effective Learning meets the needs of the severely mentally and physically handicapped. The Career Development Center offers alternative educational programs and serves as a second technical school. The Old Donation Center for the Gifted and Talented rounds out a complete education and training system for all Virginia Beach citizens.

Although Virginia Beach is one of the largest and fastest growing cities in the state, it has one of the lowest tax rates. Real estate is taxed at $.80 per $100 of value. All real estate is assessed at 100% of fair market value. The tax rate has actually decreased by more than 30% over the last decade.

With a population of over 343,200, the city is as highly diversified in its income as it is in character. Major employment involves agriculture, tourism and manufacturing. There is also an ever—varying payroll of military and civil service personnel whose salaries run into the tens of millions. The median family income in Virginia Beach is $30,538 while the figure for the entire Tidewater area is only $26,644.

Agriculture contributes significantly to Virginia Beach's overall economy. In 1985 this industry had an economic impact of $69.2 million, based on a product valued at over $21.6 million. There are approximately 44,000 acres of land under cultivation in the city. There are over 230 farms; the average size is 200 acres. Principal livestock produced is swine. In a typical recent year, over 50,000 hogs and pigs were raised in Virginia Beach. Soybeans, corn and horticultural specialties are the major cash crops. Wheat, horse breeding, vegetables and dairy products also contribute significantly to the city's thriving agribusiness picture.

Virginia Beach is perhaps best known as one of the finest resort cities in the world, with excellent beaches, fishing and hunting facilities, and numerous other recreational activities. The first permanent structure built in the area was a club developed by Norfolk sportsmen in 1880. By the 1890's, the old Princess Anne Hotel was catering to the cream of east coast society. The oceanfront resort area has undergone a vast transformation since then. Many luxury motels, particularly highrises, have changed the entire skyline. The beauty and the popularity of the beach, however, have not diminished.

Each year the tourist industry becomes more important to the economy. In the 1985 season in excess of 2 million tourists spent over $450 million while vacationing in the city.

The city is always improving and expanding facilities to attract tourists. There are 4 piers, 2 city—owned marinas and 20 privately–owned marinas. Fresh and saltwater fishing is available year—round. The sheltered waters of Linkhorn and Broad Bay are popular for water sports and sightseeing.

A variety of recreational activities compete with attractions to supplement the enjoyment of sun, surf and sand. The City Department of Parks and Recreation maintains 126 city parks, 85 summer playgrounds, 173 tennis courts (103 lighted), and many picnic areas for tourists and residents. There are also 10 golf courses located within the city. Approximately 10,000 acres of land are used for recreational purposes. Eleven campgrounds are open to visitors and residents.

Aside from man—made attractions, the city is graced with a natural beauty. Seashore State Park on Cape Henry has been acclaimed by botanists as a horticultural wonderland. Here, an infinite variety of northern and southern horticulture fascinates nature lovers; cypress swamps draped with Spanish moss contrast sand dunes studded with yucca.

Back Bay at the southernmost part of the city is another natural wonder. Its colorful marshes and broad expanses of fine bass waters are on the north—south flyway. Each year, the country's largest flock of greater snow geese winters along the 45—mile shoreline of Back Bay and Currituck Sound. The Back Bay area is a sportsman's paradise. During the winter months, there are a variety of hunting and fishing seasons which include quail, ducks, geese, deer, bear, rock fish, speckled trout and tautog.

Virginia Beach is also a growing industrial city. Industrial development is important in that it serves to broaden the tax base and to equalize the tax load. The city operates under a "resort economic development" concept, which means that new industry must be compatible with tourism. New industry must strive to maintain clear air, open sky, beautiful beaches and a general climate for healthy recreational activities. This program has been practical as well as successful.

There are four municipally controlled industrial properties in Virginia Beach. Oceana West Corporate Park, the newest development, encompasses 1,000 acres adjacent to a new regional, Lynnhaven Shopping Mall. The park is headquarters to 34 companies which employ 4,885 persons. Lynnhaven Industrial Park encompasses 25 acres, has 18 companies and 300 employees. This site, together with the Little Creek Industrial area which offers access to the deep water of the Chesapeake Bay, are both fully developed and in private ownership. The fourth property, Airport Industrial Park sits on 250 acres adjacent to Norfolk International Airport, has approximately 50 acres remaining available for sale.

The firms in these municipally controlled industrial parks through 1985 contributed more than $1.4 million to the local economy in real estate taxes.

In addition to these properties, there are presently six areas of the city zoned for industrial use which are available through private developers. Over 2,000 persons are employed by approximately 120 firms in these areas.

Several of the nation's largest manufacturing and retail sales companies have located in Virginia Beach. The Haynes Furniture Showroom and Warehouse is the largest in the state. Guille Steel, Nepratex Industries, Moulinex Manufacturing and Stihl, Incorporated are but a few of the other companies locating major production and distribution centers in the city.

Approximately 21% of the civilian labor force is in the industrial sector of our economy. Construction listed the city as the third fastest growing in the nation. Every month approximately 1,500 newcomers from throughout the U.S. become residents of Virginia Beach. In 1985, a total of 18,084 building permits were issued amounting to $556,635,423 in construction value.

The city offers a new convention center which has been in operation since September 1980. Known as the "Pavilion", the center is an impressive 10—arched building with 175,000 square feet designed to accommodate conventions, trade shows, exhibitions and entertainment programs. The main exhibition hall will comfortably seat 9,000 for conference or 5,000 for a banquet. An adjoining Theatre for the Performing Arts seats 1,000.

Virginia Beach is gaining in its popularity as an industrial and recreational center not only because of its growth and modernization, but also because of the reduced travel time to large eastern metropolitan areas. Richmond, the state capitol, is 117 miles to the northwest; Raleigh, North Carolina is 190 miles southwest, and the greater metropolitan areas of Washington, D. C. and New York City are 226 and 350 miles to the north respectively.

Virginia Beach is a city of the first class with a council—manager form of government. An 11—member council is invested with legislative powers. The councilmembers are elected at large. Seven seats, however, must be filled by a citizen from each of the seven boroughs. Council is empowered to levy taxes, adopt a budget, pass ordinances, issue bonds for improvements, and appoint the City Manager and the Legislative Staff Officers of the city. The council elects, from its membership, a mayor and vice—mayor who serve as moderators of council sessions and as representatives of the council at offical and ceremonial functions.

Seashore State Park on Cape Henry, regarded as a horticultural wonderland.

Under this form of government, the administrative and executive powers are vested in the City Manager. There are six Administrative Departments in the city: the Departments of Finance, Personnel, General Services and Planning, Data Processing and Economic Development. There are 7 Operating Departments. There are the Departments of Community Fire, Parks and Recreation, Police, Public Libraries and Information, Public Utilities, and Permits and Inspections. Additionally, there are four state—related departments which are funded jointly by the city and the Commonwealth of Virginia. They include: Agriculture, Mental Health, Public Health and Social Services. The director of each of these departments is appointed by the City Manager and is directly responsible to him.

In 1963 the merger of Princess Anne County and Virginia Beach marked the beginning of a new era in the history of the city. But the city's present and its future is nurtured by a dignified and distinguished past. Few other places in the United States can claim a more distinctive beginning.

In mid—February, 1606, three small vessels sailed from England. The Godspeed, Sara Constant and Discovery landed on April 26, 1607, off the coast of what was to become the colony of Virginia. The travelers named the place Cape Henry in honor of the eldest son of their monarch. It was here that the first religious ceremony in the New World was held as the weary voyagers planted a cross in thanksgiving for a safe journey. Today, Cape Henry is a National Historical Monument; a high granite cross, silhouetted against ocean and sky, marks the landing dunes of the first permanent English colonists.

The first permanent settlement in the area of today's city was made on Lynnhaven Bay in 1621. The Adam Thoroughgood house, built there in 1636, still stands as a monument to Virginia's early history and architecture. It is believed to be the oldest brick home in America.

After seventy years of settlement as part of Elizabeth City Shire and Lower Norfolk County, the area was finally recognized as a separate political entity when Princess Anne County was formed in 1691. The county was named for Anne, the daughter of James II, and who later became Queen of England.

For the first 200 years after Princess Anne was settled, it remained somewhat isolated for it was dependent upon bad roads, small boats and ferries for transportation. However, the county deeds, maps and vestry books, as well as the remains of old homes, give evidence that this was a thriving community. The county was actively involved in the governing of the colony from the very beginning. Citizens represented the area in every branch of the government, even before Princess Anne was officially established as a separate county. Citizens from the county were on the Governor's Council, and several held judicial seats in the Capitol and in Lower Norfolk.

The city has an interesting documented history and it is rich in the folklore of early America. There are stories of pirates in the Lynnhaven Inlet and Lake Joyce vicinities, and reports of treasure buried by the infamous Blackbeard. Princess Anne is best known for its tales of Grace Sherwood, the only convicted witch in the colony of Virginia. A resident of the county, Grace was accused of bewitching cattle and crops, tormenting various citizens while in the form of a black cat, and sailing one evening in an eggshell to England. The original transcript of her trial is still on file at the office of the Clerk of Court.

The first Battle of the American Revolution in Virginia took place in Princess Anne on November 16, 1775. Lord Dunmore, who had situated himself off the coast of Norfolk, declared martial law early in November. News reached Dunmore that the local militia were assembling to guard the roads over which the Royal troops had to travel for a rendezvous with him. He decided to march on Great Bridge, a gathering place for the Virginia militia. Finding no militia and learning there was a force stationed at Kemps Landing in Princess Anne, he marched overland to the village. Only one volley of shots was fired by the British, but it was enough to scatter the untrained group of farmers and merchants. The volley touched off the tinder of revolt throughout Virginia.

One of the most significant battles of the entire revolution and the last major naval engagement took place off the northern coast of the county. The French Admiral De Grasse defeated the British fleet off Cape Henry preventing supplies and reinforcements from reaching Cornwallis at Yorktown.

Cape Henry was used during the Revolutionary War and the War of 1812 as a viewing point for naval movements at the mouth of the Chesapeake Bay and its numerous ports. In 1791, the first lighthouse was erected on the Cape; this was also the first federally funded building authorized by the new American government. This structure served mariners entering the Capes until 1881, when a new lighthouse replaced the aging one.

World War II brought increased shipping activity to the ports near Virginia Beach and several vessels were torpedoed and sunk just off—shore by German U—boats. During the war, protection of the coast was vital. As a result, the number of military installations grew, and today, there are five major facilities located within the city. They are: Oceana Naval Air Station, Camp Pendleton, Fort Story, Dam Neck Missile Base and the Naval Amphibious Base at Little Creek, and the Fleet Combat Training Center—Dam Neck.

The small resort area of Virginia Beach was incorporated as a town in 1906 when it was granted a charter by the General Assembly of Virginia. In 1952, the town was granted a new charter for incorporation as a city of the second class. In 1962, the citizens of the city and the adjacent county of Princess Anne approved, by 82%, a merger on the two areas. Effective January 1, 1963, a charter was granted for the present city.

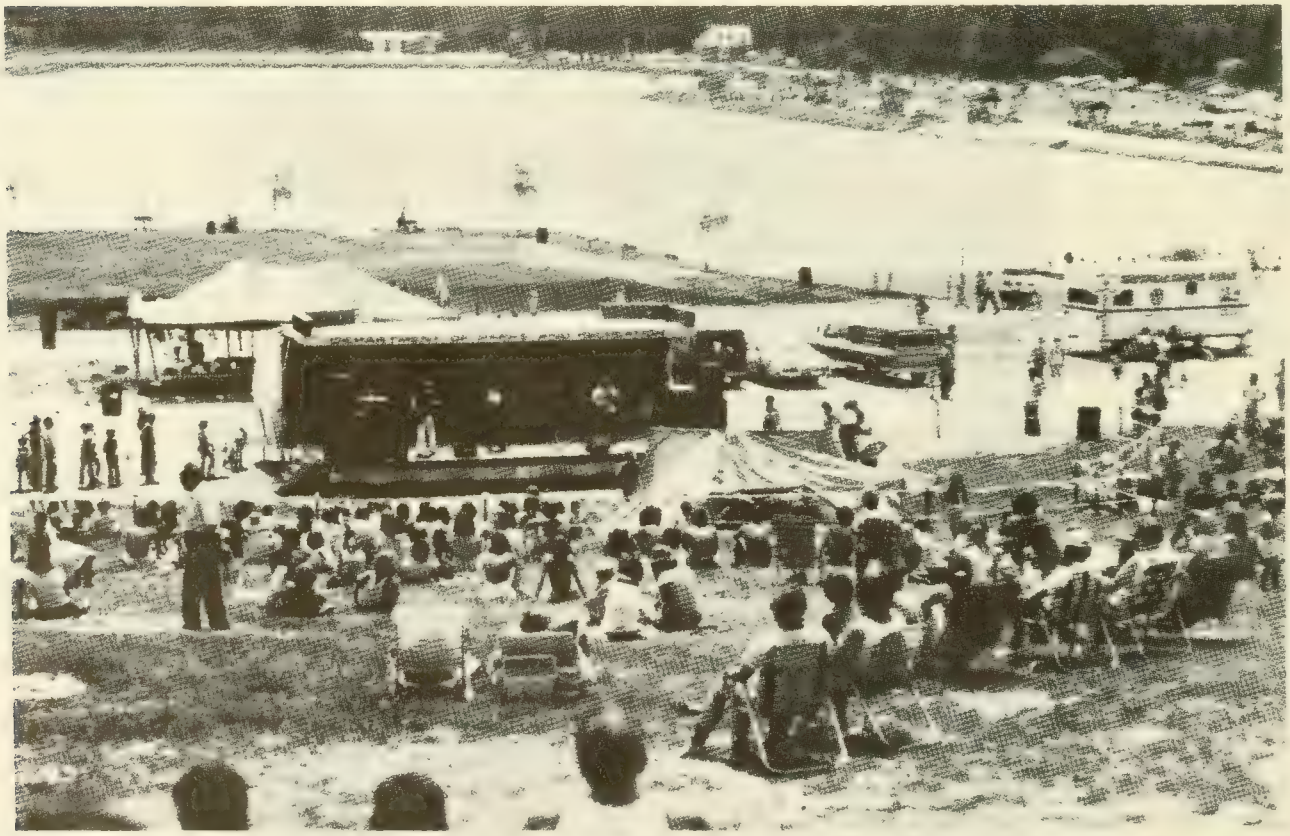
Virginia Beach is still making history; it is one of the most prominent cities in the South. Its leadership has been demonstrated by the progressive programs which have been developed by its government and its citizens.

The city's most publicized accomplishment has been the construction of a mountain, a most peculiar sight in this flat city. Mt. Trashmore, as it is called, is just that—a mountain of trash. The original idea for the Virginia Beach Sanitary Landfill and Refuse Disposal Demonstration Project belonged to Mr. Roland E. Dorer, a Virginia Beach resident and Administrator with the State Health Department. His proposal was to build a mountain out of garbage to be used for a recreational park.

Mount Trashmore itself covers only 18 acres of land. It contains 870,000 tons of solid waste, and approximately the same amount of earth. At 800 feet long, 100 feet wide and 70 feet tall, it is the biggest hill and the highest elevation in the city. The park offers fishing, boating, a soapbox derby track, hiking and picnic areas. Official opening of the park was held during the First Annual Neptune Festival in September, 1974.

Mount Trashmore has been of interest to countries all over the world. Several U. S. Cities are planning their own mountains. The United States Information Agency has taken Mount Trashmore overseas to several Eastern European countries. The exhibit of engineering data, photos and news releases has toured Russia, Hungary, Poland, Romania and Czechoslovakia.

Service to the community is the key to success. One innovation within the city's Public Libraries is the Special Services Division which was designated, by the Library of Congress, in 1972, as a Subregional Library for the Blind and Physically Handicapped. This Division maintains a collection of 4,500 Large print, 100 Braille, and 22,000 Talking books (recorded on disc and cassette tape), circulating approximately 4,000 books per month to 2,000 handicapped patrons. Cassette and record players, headphones, pillow speakers and magnifiers are also furnished. Volunteer programs include: braille transcription, thermoform copying and cassette recording projects.



Virginia Beach is a modern city in every sense of the word. Its people, government and economy are alive and sensitive to the needs of each other. As a result, there is a strong feeling of compatibility and respect.

The Virginia Beach skyline has undergone a vast transformation since the first hotels were built in the 1880's, but the beauty and popularity of the beach have grown at an even faster rate.

Everyone enjoys the fun and sun of Virginia Beach

Guests of Virginia Beach, as well as year—round residents, enjoy the Department of Parks and Recreation's annual 4th of July celebration at Mount Trashmore Park.

A clean, wide beach continues to be Virginia Beach's biggest drawing card, attracting well over two million visitors each summer.

MORE FACTS AT YOUR FINGERTIPS

Four major directories in one volume:

1 The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.

2 The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.

3 The City Directory is unequaled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.

4 The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

Who Sells It?..

Consult The Classified Business Lists of This Directory for Your Quickest, Surest Answer!

To make your next meeting a success, Virginia Beach went to great lengths. And widths. And heights.

You'll need more than a yardstick to measure the extraordinary dimensions of Pavilion, the new meeting facility at the beach that's more than a beach.

Consider its flexibility. Our stately Main Hall can seat 7,000 for a conference. While a soundproof portable wall system can quickly transform it into numerous comfortable enclaves for smaller groups. And our kitchen, managed by a national caterer, can stage banquets for 5,000 as deftly as it can whip up light refreshments for 100.

We've also mastered all the ups, downs, ins and outs of trade shows and expositions, Pavilion's 63,000 square feet of floor space can house up to 340 10-foot by 10-foot exhibit booths. Ceilings start at a tall 20 feet and soar to a breathtaking 56 feet.

Massive cargo doors let you drive outside exhibit materials right onto the show floor. And there's plenty of storage and parking space, as well as ample electric, telephone and other services.

But the most important dimension we offer is Virginia Beach itself. We have over 11,000 first class hotel rooms. Tennis, golf, sailing, fishing and boating. Great Restaurants, nightlife and shopping.

Whether you're in Atlanta or Chicago, New York or Washington, getting to Virginia Beach is easy. Ten Major airlines - Eastern, Continental, People Express, Pan Am TWA, Air Virginia, American, United, Piedmont, Delta and U.S. Air reach Norfolk International within 40 minutes.

For the facts in depth, write Hugh Barton at the Virginia Beach Convention Bureau, for direct booking, contact Jim Ricketts, Manager, Pavilion, or Bill Holland, Asst. Manager, Pavilion, P.O. Box 136, Virginia Beach, Virginia, 23458. Or call at (804) 428-8000. We're ready to go to any lengths to bring you to Virginia Beach for your best meeting ever.

Your Kitchen Range Comes With A Warranty... Your Home Should Too!

$80,000

A Home Warranty makes buying or selling a home a lot easier. For the seller that means cost-free coverage for any covered items that might require attention while your home is on the market. If your home doesn't sell, you've had cost-free protection. But if something does go wrong, you pay only a minimal deductible. For the buyer a Home Warranty means protection from repair or replacement bills caused by mechanical failures for one full year after closing, again only subject to a minimal deductible. So if you're buying or selling a home, ask us about our Homeowners Home Warranties. We'll make your life a lot easier!

VIRGINIA BEACH VISITOR'S BUREAU POST OFFICE BOX 200 VIRGINIA BEACH, VA. 23458

To make your next meeting a success, Virginia Beach went to great lengths. And widths. And heights.

You'll need more than a yardstick to measure the extraordinary dimensions of Pavilion, the new meeting facility at the beach that's more than a beach.

Consider its flexibility. Our stately Main Hall can seat 7,000 for a conference. While a soundproof portable wall system can quickly transform it into numerous comfortable enclaves for smaller groups. And our kitchen, managed by a national caterer, can stage banquets for 5,000 as deftly as it can whip up light refreshments for 100.

We've also mastered all the ups, downs, ins and outs of trade shows and expositions, Pavilion's 63,000 square feet of floor space can house up to 340 10-foot by 10-foot exhibit booths. Ceilings start at a tall 20 feet and soar to a breathtaking 56 feet.

Massive cargo doors let you drive outside exhibit materials right onto the show floor. And there's plenty of storage and parking space, as well as ample electric, telephone and other services.

But the most important dimension we offer is Virginia Beach itself. We have over 11,000 first class hotel rooms. Tennis, golf, sailing, fishing and boating. Great Restaurants, nightlife and shopping.

Whether you're in Atlanta or Chicago, New York or Washington, getting to Virginia Beach is easy. Ten Major airlines - Eastern, Continental, People Express, Pan Am TWA, Air Virginia, American, United, Piedmont, Delta and U.S. Air reach Norfolk International within 40 minutes.

For the facts in depth, write Hugh Barton at the Virginia Beach Convention Bureau, for direct booking, contact Jim Ricketts, Manager, Pavilion, or Bill Holland, Asst. Manager, Pavilion, P.O. Box 136, Virginia Beach, Virginia, 23458. Or call at (804) 428-8000. We're ready to go to any lengths to bring you to Virginia Beach for your best meeting ever.

VITAL INFORMATION AT YOUR FINGER-TIPS!

★

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

★

More People Are
SEEING CITY DIRECTORY ADS

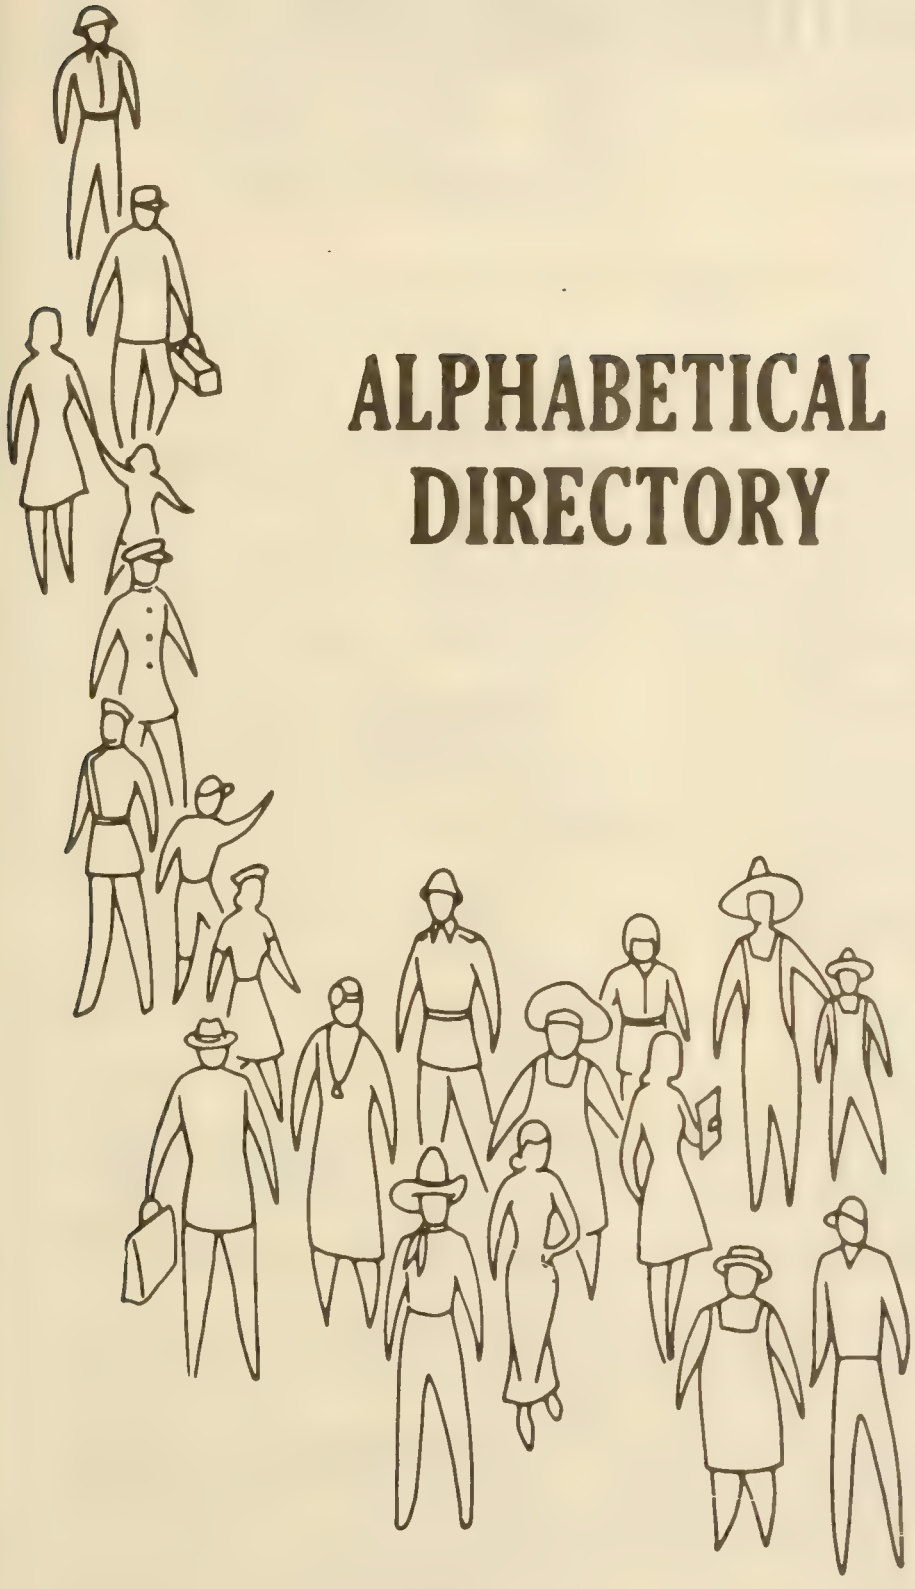
Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each Polk Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.



CONSULTATIONS OR CIRCULATION CONSULTED

GENERAL ABBREVIATIONS

acct ..... accountant
adj ..... adjuster
admn ..... administrator or administration
adv ..... advertising
agcy ..... agency
